- Keeps them fresh longer
- Spray-on liquid shield
- Reduces evaporation
- Prevents browning
- Combats deterioration
- Works quickly and efficiently
- Easy to use
- Odorless and stainless
- Water based, environmentally safe
- Guarantees customer satisfaction

Professionals like wholesalers, bouquet makers and florists want to sell flower arrangements that remain as fresh as possible. Customers will then be satisfied and come back more often. Therefore professionals look for a convenient quality product that holds flowers and foliage.

Chrysal professional glory is specially suitable for corsages and flower arrangements. By a simple spray-on they get a liquid shield against evaporation. It prevents browning and retards deterioration. Flower arrangements remain fresher, longer.

Chrysal professional glory is odorless and stainless. It is water based, so environmentally safe. Available in a 17.5 fl. oz. trigger spray and a 1 gallon jerrycan. It belongs to a complete A-brand flower care and product handling range.
